

Important Pre-Departure Information – Travel Requirements

Greece (US, Canadian, UK, AU and NZ guests)

Effective May 2, 2022

To travel with Viking please ensure you have the following:

1. **Valid Passport**- must be valid for 6 months beyond your planned trip dates.
2. **Proof of full COVID-19 immunization**- certified by VeriFLY
 - Viking strongly recommends a booster dose administered when eligible. Some countries along your itinerary may require a booster dose for entry.
3. **Proof of negative COVID-19 Test** (laboratory-certified) Viking does accept select at-home COVID-19 tests.
 - **PCR test** taken within **72 hours** prior to boarding first international flight, (or joining Viking if traveling independently,) or
 - **Antigen test** taken within **24 hours** prior to boarding first international flight (or joining Viking if traveling independently,)
 - **UK Guests:** if you use an antigen test (lateral flow), the testing provider must issue a fit to fly certificate.
 - **And/or Proof of Recovery:** If you have recovered from a COVID-19 infection (within 10–90 days prior to departure) ensure you carry documentation of recovery or a positive PCR test result from the time of infection.

To travel to Greece please ensure you have the following:

1. Greece does not have a testing requirement. You must meet Viking’s requirement prior to joining your Viking journey.
2. **NOTE:** To travel to the following countries, you must have received your final primary dose of a COVID-19 vaccination no fewer than 14 days and no more than 270 days; **or**, receive a booster dose prior to traveling, to be considered "fully vaccinated" for entry: Austria, Belgium, Bulgaria, Croatia, France, Germany, Italy, the Netherlands, Portugal, and Spain.

For additional information regarding Greece’s entry requirements, visit: <https://travel.gov.gr/#/>.

If you are traveling independently, please ensure you review local requirements for the countries you are visiting. Before joining your first Viking activity you must meet Viking’s testing requirement above.

Pre-Departure Checklist

# of Days Prior to Departure	Action Items
<input type="checkbox"/> As soon as possible	Confirm your passport is valid for at least 6 months beyond your trip date. Ensure you have adequate travel insurance to protect your investment and ensure you have appropriate medical coverage.
<input type="checkbox"/> 14	Receive your final FDA/WHO/EMA approved COVID-19 vaccine dose at least 14 days prior to traveling. Viking strongly recommends a booster dose administered when eligible. Some countries along your itinerary may require a booster dose for entry.
<input type="checkbox"/> 10-30	Complete VeriFLY Vaccine Certification following the steps outlined in the VeriFLY app. - Additional information can be found here .
<input type="checkbox"/> 3-1	Get a COVID-19 Test – (with a laboratory-certified proof of negative result). - You must meet the testing requirements above for Viking, or your country of entry, if they are more stringent than Viking’s. - Ensure you are provided with a printed and/or electronic copy of the results. OR Proof of Recovery as defined above if accepted by your country of entry.
<input type="checkbox"/> Before your flight	Assemble your Travel Documents <ul style="list-style-type: none"> • Valid Passport • Proof of full COVID-19 Immunization certified by VeriFLY • Lab-certified proof of negative COVID-19 Test Results or Proof of Recovery if accepted by your country of entry. • Viking Cruise Documents/Journey Summary/E-Documents/Air Itinerary • Completed forms for your country of entry, if required above

Pack and wear KN95, N95 or FFP2 face masks while in transit (at the airport, on flights, etc.)

What to Expect Along Your Journey

The information below reflects the protocols outlined in the [Viking Health & Safety Program](#). Viking's medical team will continue to monitor conditions in all the destinations we visit and may adjust these policies as necessary.

- 1. Prior to your embarkation**, there will be additional COVID-19 screening, including:
 - Temperature check
 - Health survey
 - Acceptance of contact-tracing during your cruise
- 2. Once you are on board** and in your stateroom, you will take a COVID-19 PCR test (via non-invasive saliva sample)
 - Please refrain from consuming anything or smoking for at least one hour before submitting your saliva sample.
 - Once you have submitted your COVID-19 test sample, you may explore the ship while wearing a mask. Upon receipt of negative test results, you may remove your mask.
- 3. During your voyage:**
 - There will be up to daily COVID-19 tests (saliva samples).
 - Guests are able to explore on shore independently while following the requirements in the country they are visiting. Our team will continue to monitor conditions, partnering with local authorities.
- 4. Prior to leaving your ship or post cruise extension**, Viking will provide you with test results needed for your return flight.
 - If you are continuing independently, you are responsible for getting your own COVID-19 test prior to departure.
